### ALLERGENS & INTOLERANCES

Before ordering drinks or food, please speak with a team member about your requirements. Whilst we take care to preserve the integrity of our vegetarian products, we must advise that these products are handled in a multi-ingredient kitchen environment. All dishes are prepared in areas where allergens are present. Therefore, there is a risk that ingredients used in your meal may have accidentally come into contact with an undeclared allergen, leading to cross-contamination. Cooking equipment (e.g. fryers, grills etc.) & food preparation areas may be shared & fried items containing different allergens may be cooked in the same frying oil. Some fish may contain small bones. Adults need 2,000 kcals per day.
